

CYBERSECURITY IN LUXEMBOURG

A STRATEGIC JOURNEY THROUGH THE LAST 20 YEARS

WHERE IT ALL STARTED

"I LOVE YOU" VIRUS (2000)

KEY MILESTONES

- 2002 - 1st strategy by the MECO
- 2006 - CASES.LU: "best awareness initiative" by ENISA
- 2009 - BEE SECURE safer internet centre Luxembourg
- 2011 - CIRCLU: first accredited CERT in LU
- 2017 - launch of C3
- 2018 - national cybersecurity strategy III

THE ECOSYSTEM

SECURITYMADEIN.LU manages a platform dedicated to the promotion of a Cybersecurity Ecosystem in Luxembourg.

It represents a diversified and dynamic network of specialised professionals, exchanging their experiences and good practices on a regular basis.

ITS OBJECTIVES:

- To foster close cooperative relations between the members of a same community of interests.
- Strengthen the visibility of Luxembourg actors and services in the field of information security.
- Support the development of the local economy while increasing the economic attractiveness of the Grand Duchy abroad.

TODAY: A VERY DYNAMIC CYBERSECURITY ECOSYSTEM

Registered members: 100+
